goodfall
by goodwood

Playground Safety Surfacing

SAFE. SUSTAINABLE. SUITABLE FOR PLAY.

Goodfall™ is a specifically engineered woodchip made from untreated recycled timber and is certified to meet the latest New Zealand Safety Standards (NZS 5828:2015).

With a 3-metre fall safety rating, it provides outstanding protection, natural good looks and low-maintenance performance.

- NZS 5825:2015 CERTIFIED
- 3-METRE FALL HEIGHT
- 100% RECYCLED UNTREATED TIMBER
- LOCALLY MADE & DELIVERED

WHY GOODFALL?

CERTIFIED SAFETY
Certified to NZS 5828:2015 with critical fall height of 3 metres.

DRAINS QUICKLY
Drains so well that children can start playing soon after rain.

LOW-MAINTENANCE
Easy-care and virtually wind-resistant - stays where it's placed.

GENTLE & COOL
Soft on little feet and does not retain heat like rubber matting.

SUSTAINABLE
Made from 100% recycled untreated timber - a natural choice for the environment.

VIRTUALLY DUST FREE
Air-dried timber provides a clean, safe surface.
